

Bachelor in Business Systems Management with Honours

KPT/JPT (N/345/6/1156) 01/27
MQA/PA 15024

Program Information

Fees: MYR 60,600

Duration: 8 Semesters / 3 Years

Mode: Full Time

Intakes: March & September

The Bachelor in Business Systems Management with Honours is designed to help develop an in-depth understanding of system management and how it relates to business and production operations. To achieve this, the program relies heavily on not only the technical knowledge of computer science but also individual and organizational behaviour theories, as well as the practicality. This program brings together humans and organizational aspects of computer-based information systems. This is in contrast with computer science and information technology that stress the underlying technologies.

About MISI University

Formerly known as Malaysia Institute for Supply Chain Innovation (MISI) was launched as a joint initiative between the Massachusetts Institute of Technology (MIT) and the government of Malaysia on March 22, 2011 until January 13, 2022. MISI University focus is on education, research, and corporate outreach activities in supply chain management and logistics. MISI University is wholly owned by Malaysia Logistics Innovation Berhad (936566-D) a subsidiary of Universiti Teknologi MARA (UiTM).
